"I am running for this position and feel that my experience and willingness to serve will continue to assist with the growth of the Sarasota Sailing Squadron. The Squadron is a very special place and has been for my family for many years. Now (post hurricanes) more than ever I want to continue to be a leader and demonstrate my strengths as I have been doing for years. This is a critical time for leadership and new ideas of which I can contribute. I am willing to do whatever it takes to restore, rebuild and build back better the Sarasota Sailing Squadron. I am confident our current board has accomplished a great deal and I would like to see the remaining repairs through to completion."
